

SMA Male to RA SSMC Plug Cable FM-SR086TBJ Coax in 60 Inch

The SMA male to RA SSMC plug 60 inch cable using FM-SR086TBJ coax, part number FMCA1509-60, from Fairview Microwave is in-stock and ships same day. This Fairview SMA to SSMC cable assembly has a male to plug gender configuration with 50 ohm formable FM-SR086TBJ coax. Fairview Microwave's formable RF cable assemblies provide an alternative to costly pre-formed semi-rigid assemblies since they are hand formable. The FMCA1509-60 SMA male to SSMC plug cable assembly operates to 12.4 GHz. The right angle SSMC interface on the FM-SR086TBJ cable allows for easier connections in tight spaces.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other RF cable assembly value added services including connector orientation or clocking, heat shrink booting and labeling are also available. RF testing can also be performed to document the electrical performance of your cable assembly.
