# Slide-On BMA Jack 2 Hole Flange to N Male Cable FM-SR141TBJ Coax

The BMA jack slide-on 2 hole flange to type N male cable using FM-SR141TBJ coax, part number FMCA1626, from Fairview Microwave is in-stock and ships same day. This Fairview BMA to type N cable assembly has a jack to male gender configuration with 50 ohm formable FM-SR141TBJ coax. Fairview Microwave's formable RF cable assemblies provide an alternative to costly pre-formed semi-rigid assemblies since they are hand formable. The FMCA1626 BMA jack to type N male cable assembly operates to 11 GHz. Our RF cable assembly with BMA 2 hole flange interface allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other RF cable assembly value added services including connector orientation or clocking, heat shrink booting and labeling are also available. RF testing can also be performed to document the electrical performance of your cable assembly.

# **Configuration:**

- Slide-On BMA Jack 2 Hole Flange
- N Male
- FM-SR141TBJ

# **Features:**

- Max Frequency 11 GHz
- Shielding Effectivity > 100 dB
- 70% Phase Velocity
- FEP Jacket

# **Applications:**

- General Purpose
- Laboratory Use
- Rack and Panel
- BMA Cable RF Backplanes
- Phased Array Interconnects
- High Speed Switching Networks
- Blind Mate BMA Test
