

## BNC Female Open Calibration Kit Component for Precision Up to 10 GHz

BNC female open calibration kit component, part number FMSC3034, from Fairview Microwave is in-stock and ships same day. This BNC precision open circuit can be used for calibration of most vector network analyzers (VNA), cable analyzers or site analyzers. Coefficients for this BNC open calibrating component are provided in the datasheet. These can be entered into most VNAs to provide the necessary corrections, thereby allowing replacement of misplaced or damaged calibration components. Precision control of the impedance and electrical length allow for OSLT analyzer calibrations over the complete frequency range of the connector interface provided.

Fairview's BNC open circuit calibration component FMSC3034 datasheet specifications and outline drawing are shown in this PDF below. Our extensive offering for RF, microwave and millimeter wave components allows designers to configure and customize their test solutions however they like. From calibration kit replacement to SOLT / OSLT VNA calibration, Fairview Microwave has the right calibration kit components to meet your needs and ship them same-day.

### Electrical Specifications

Description	Min	Typ	Max	Units
Frequency Range	DC		10	GHz
Impedance		50		Ohms
Phase Accuracy			±5	deg
Offset Loss		1.5		GOhm/s
Electrical Delay		56.239		ps
Capacitance				
C0		57		10 <sup>-15</sup> F
C1		1,350		10 <sup>-27</sup> F/Hz
C2		275		10 <sup>-36</sup> F/Hz <sup>2</sup>
C3		-35		10 <sup>-45</sup> F/Hz <sup>3</sup>

### Mechanical Specifications

Pin Depth 0.203 to 0.208 in

#### Connector 1

Connector Type BNC Female  
 Body Material and Plating Brass, Nickel

#### Connector 2

### Environmental Specifications

**Compliance Certifications** (see [product page](#) for current document)

### Plotted and Other Data

Notes:

- Values at +25 °C, sea level

### Features:

- Controlled Impedance
- Published Calibration Coefficients
- Replaces Damaged Calibrating Kit Components
- Controlled Electrical Length
- Precision Interfaces
- In Stock and Ready to Ship

### Applications:

- SOLT or OSLT Calibration
- VNA Calibration
- Device Characterization
- De-embedding
- Replacement Calibration Kits
