

Circulator SMA Female With 16 dB Isolation From 2 GHz to 4 GHz Rated to 10 Watts

Fairview Microwave carries a broad selection of circulators to fit your needs. These unique devices allow two different direction signals to share the same channel. The classic use of this three port device is for routing signals between an antenna and a transceiver, allowing the receive signal to enter from the antenna (port 1) and exit to the receiver (port 2) while the transmit signal enters from the transmitter (port 3) and exits to the antenna (port 1). The circulator can also be used as an isolator by placing a matched load into one of the ports. These components can be used in antenna transmitting and receiving, radar, amplifier systems and any application that requires isolation from a signal reflection and the ability to send signals in opposite directions down a single channel. These circulators feature excellent insertion loss, high isolation and reliability.

The SFC2040A is a single junction circulator that operates from 2 to 4 GHz and can handle up to 10 Watts (CW) in the forward direction. The coaxial part uses SMA female connectors on all ports and has typical electrical specifications of 1.4:1 VSWR, 16 dB isolation and 0.75 dB insertion loss. The package is RoHS compliant.

Features:

- Single Junction Circulator
- 2 to 4 GHz Frequency Range
- Max Forward Power 10W (CW)
- Insertion Loss 0.75 dB Typ
- VSWR 1.4:1 Typ
- Isolation 16 dB Typ
- SMA Female Connectors

Applications:

- Radar Systems
- Military
- Wireless Radio Systems
- Telecom Infrastructure
- Communication Systems
- R&D Labs
- Microwave Radio Systems

Electrical Specifications

Description	Min	Typ	Max	Units
Frequency Range	2		4	GHz
Impedance		50		Ohms
Insertion Loss		0.75		dB
Isolation		16		dB
VSWR		1.4:1		
Forward Power, CW			10	Watts

Electrical Specification Notes:
 Values at 25°C, sea level.

Mechanical Specifications

Size	
Length	1.26 in [32 mm]
Width	0.71 in [18.03 mm]
Height	1.26 in [32 mm]
Weight	0.201 lbs [91.17 g]
Body Material and Plating	Aluminum

Configuration	
Design	Single Junction
Package Style	Connectorized
Connector 1	SMA Female
Connector 2	SMA Female
Connector 3	SMA Female

Environmental Specifications

Compliance Certifications (visit www.FairviewMicrowave.com for current document)

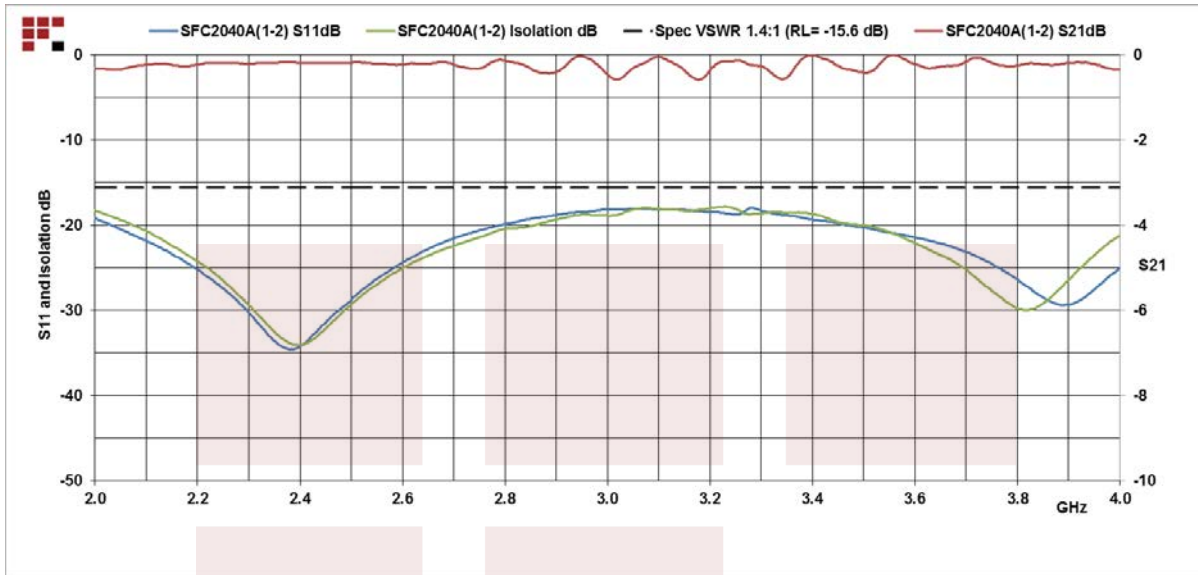

RoHS Compliant	Yes

Notes:

Typical Performance Data

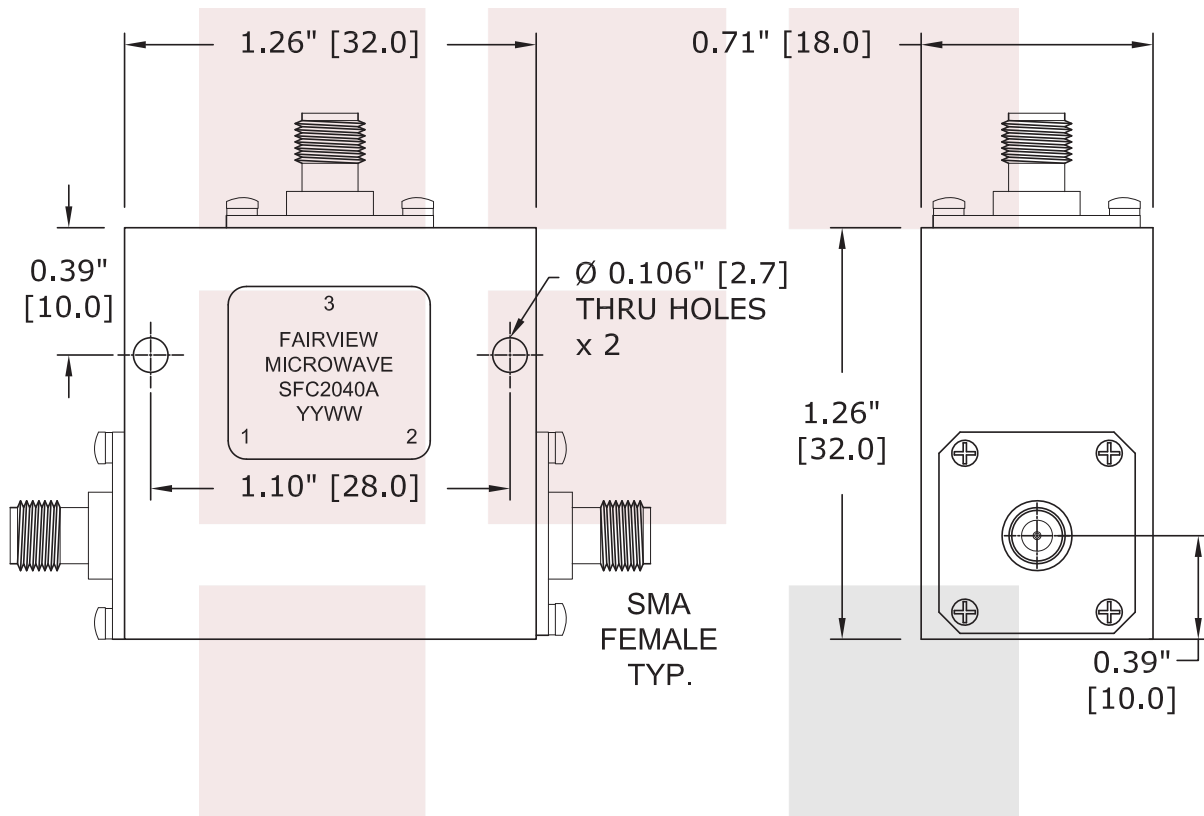

Circulator SMA Female With 16 dB Isolation From 2 GHz to 4 GHz Rated to 10 Watts from Fairview Microwave is in-stock and available to ship same-day. All of our RF/microwave products are available off-the-shelf from our ISO 9001:2008 certified facilities in Allen, Texas. Fairview Microwave is RF on-demand.
