

## Tee Adapter - Two TRB Jacks to One TRB Plug

TRB T adapter part number FMAD10-06905 from Fairview Microwave is in-stock and ships same day. This Fairview TRB T adapter has a plug-jack-gender configuration. Our TRB T connector.

RF adapters can be used to enable connections between two connector types that would otherwise not mate. Certain RF adapter configurations can also be used to protect connectors on expensive equipment where the number of connect and disconnect cycles is high. An RF, microwave, or millimeter wave adapter is connected to the equipment and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Fairview Microwave also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

### Mechanical Specifications
